## INSTRUCTIONS - DESIGNATED PROVIDERS

Note: If any information pre-printed on this form is incorrect, please make the needed corrections.  
For any information not already pre-printed on this form, please follow the directions below.  
All parts must be completed.

### PART 1 - COMMITTED DEMAND

Please provide the estimated future demand of recorded, platted, undeveloped lots that are located in the service area as of December 31, 2002. Report demand for residential versus non-residential lots separately. Please explain non-residential demand calculations on a separate sheet.

### PART 2 - FUTURE DEMAND

Please provide the projected volume of water demand at build-out of new customers who have not yet recorded plats, but with whom the provider has entered into a notice of intent to serve agreement in the 2002 calendar year.

### PART 3 - PROJECTED ANNUAL DEMAND

Please include all water sources.

### PART 4 - WATER QUALITY

If provider is out of compliance, please explain on a separate sheet. If a provider's wells are within one mile of a Superfund or WQARF site, a contamination plume model demonstrating that the well is not in danger of contamination must be submitted. Please contact the Department for details.

### PART 5 - GROUNDWATER MANAGEMENT GOAL REQUIREMENT

A, B, C, D, and E should add up to F, the Total Water Withdrawn from Wells. All categories of water use may not be applicable to all providers. Be sure that any water reported as recovered credits coincides with water reported on recharge and recovery annual reports.

Please contact your local Active Management Area if you need assistance completing this form.
